A ROYAL AUTHOR.-King Celewayn has dictated the history of the Zulu nation and the Zalu war to Capt. Poole, of the English srmy, and it has been published in Macmillan's Magazine. It appears that the King when dictating the story, ecoasionally divested himself of nearly all his clothing to give his ideas fair play, which would tend to show that the eccentricities, of genius are not confined to civilization. So long as he was narrating questions of foreign policy or domestic finance he remained calm, but when he came to the story of a battle he worked himself into a frenzy, and on one cceasion seized Captain Poole's sword and backed the furniture of the room, in illustrating the incidents of the fight. It is needless to say that after that time

all weapons were carefully removed. The latest report of the minister of education ic Japan shows a heavy incresse in public instruction throughout the empire. The school attendance is now 36,000,000, the males, however, unduly preponderating. The universal interest in education is proved by the fact that in five years private voluntary donations to the schools and colleges amount to nearly \$9,000,000 and upwards of 700,000 acres of land. The Japanese residents in Corea now number 1,500. hospital and school have been established at the Fusan settlement.

DR. TUTT'S

IN 25 CTS. AND \$1 BOTTLES.

Its properties are Domulcont, Nutritive, Bal-samic, Soothing and Healing. Combining all these qualities, it is the most effective LUNG BALSAM ever offered to sufferers from pulmonary diseases.

Dr. J. F. HAYWOOD, of Now York, volun

tarily indorses it. Road what he says: New York, Sept. 19, 1877. New York, Sept. 19, 1877.

Dr. Tutt: Dear Sir—During this year I treated nine hundred cases of lung diseases. In the lower wards of the city the cases were of a very severe type. It was there my attention was called to Tutt's Expectorant, and I confess my surprise at its wonderful power. During a practice of the other ways. I have never known a medtice of twenty years I have never known a medicine to act as premptly and with such happy effects. It instantly subdued the most violen its of coughing, and invariably cured the disease in a few days. I choerfully endorse it as the best lung medicine I ever used.

J. FRANCIS HAYWOOD, M.D.

A NEWSPAPER PUBLISHER WRITES Office Evening Nows, Augusta, Ga. Dr. Tutt: Dear Sir-My little son was attacked with pneumonia last winter, which left him with a violent cough that lasted till within a month since, for the cure of which I am indebted to your valuable Expectorant. I had tried most everything recommended, but none did any good until 1 used your Expectorant, one bottle of which removed the cough entirely. With many thanks, I am yours truly, JOHN M. WEIGLE.

HAD TERRIBLE NIGHT SWEATS.

Momphis, February 11, 1871. Dr. Tutt: Sir-I have been suffering for nearcommenced taking your Expectorant I was reduced to one hundred and sixteen pounds in weight. I had tried almost everything; had terrible night sweats. I have taken half dozen bottles. The night sweats have left me, the cough has disappeared, and I have gained fifteen pounds in flesh. I recommend it to all my pounds in ficsh. I recommend friends. With great respect, OLIVER RICE.

IMPORTANT QUESTIONS. Reader, have you caught a cold? Are you unable to raise the phlogm? Have you an irritation in the throat? A sense of oppression on the lungs, with short breath? Do you have a fit of coughing on lying down? A sharp pain now and then in a region of the heart, shoulders and back? IF SO, OUR ADVICE IS to take at once a dose of Tutt's Expectorant; you will soon be able to raise the phlegm. In an hour repeat the Expectorant, place a hot iron to the feet, take two of Tutt's Pills. You will soon feet take two of Tulvs Fills. You will soon fall into a pleasant sleep and wake up in the morning cough gone, lungs working freely; easy breathing and the bowels moving in a natural manner. To prevent a return of these symptoms use the Expectorant several days.
